

Australian BullCharts User Group

BullCharts* software is fast gaining popularity, with a great User Group running since July 2006, and very useful and friendly monthly meetings in Melbourne, and “Remote User Group” meetings by webinar held one week after the Melbourne meeting (same agenda items).

Key BullCharts* features:

These are discussed from time to time at meetings, with real demonstrations, to help everyone learn more about Technical Analysis, as well as BullCharts*.

- ➔ Easily managed multiple **Watchlists** – on-screen they look like folders.
- ➔ **IntelliCharts** makes it easy — can automatically save trend lines, indicators, text, etc., with the price chart for easy, quick recall.
- ➔ **Easily** create & modify **Scans/Filters** with multiple scan criteria using drop-down selections.
- ➔ Readily specify which **Watchlist(s)** to **Scan** through.
- ➔ **Save a price chart** with indicators and annotations as a file for easy recall and viewing later.
- ➔ **Easy** to modify **indicators**, or **create new ones** (no coding!).
- ➔ **Trade Planner** tool to help with sensible position sizing.
- ➔ **Customise** the Indicator Toolbar, or the screen Templates Toolbar.
- ➔ Support for **multiple monitors**.
- ➔ **Printed charts** are crisp.
- ➔ **Easily view** the list of stocks in each Watchlist (**colour-coded**).
- ➔ End-of-Day data, Snapshots, or **live Intraday data**.

Did you know that BullCharts* has 250+ indicators and 100+ built-in scans? And, more than 30 “Author Strategies”! (and is rumoured to be better than Meta Stock)

Trader or Investor?

It doesn't matter. And you get access to our forum where we post useful Tips and HowTo documents and exchange BullCharts scans etc.

Monthly meeting AGENDA typically includes:

- Special presentation or discussion. Theory about an indicator, how to use it, and optional settings in BullCharts. Past topics include: RSI, MACD, Bollinger Bands, etc.
- Trading styles, attitudes and strategies (BullCharts includes more than 30 built-in “Author Strategies”).
- General technical analysis (charting) discussion.
- Scans (ie. filters) - how to create, modify, and run Scans.
- Real live demo, including Tips, plus BullCharts Toolbars.
- Recent trading successes (“hot stocks”?).

* What is BullCharts?
