

The slide features a blue header bar at the top. Below it, a light blue box with a dark blue border contains the title "Exit strategies" in a large, bold, black font. To the left of the title is a yellow 3D box with "Free!" on the top lid, "Members" on the front, and "Free!" on the bottom. To the right of the box is the date "October 2014". Below the box is a small black silhouette of a person and a quote: "Price charts summarise the underlying opinions and emotions of the market participants. Every chart tells a story. It pays to understand the stories in the price charts." To the right of the quote is a faint background image of a candlestick price chart. At the bottom left, there is a copyright notice: "© Copyright 2013-2014, Robert B. Brain, Brainy's Share Market Toolbox — www.robertbrain.com". At the bottom right, it says "Revision: 2a".

Exit strategies

October 2014

Price charts summarise the underlying opinions and emotions of the market participants. Every chart tells a story. It pays to understand the stories in the price charts.

This presentation...

This presentation was originally prepared for the U3A Manningham (Stockmarket Group) in November 2013, and has been updated for the BullCharts User Group in October 2014.

It introduces a number of exit strategies that can be deployed to help protect our trading capital and profits.

 Introduction

Exit strategies?

Is this important:

- capture profits?
- protect capital?

 

2

Exit Strategies

Are these important?

Is one more important than the other?
