Additional comments?

When Robert publishes presentation slides such as this set, there is usually a version of the slides available for Brainy's Share Market Toolbox (premium) members which includes additional explanatory comments — referred to as the "Speaker Notes".

Each page in the set has the **slide** on the top half of the printable A4 page and the **Speaker Notes** on the bottom half (as shown at right).

This presentation...

...is an update on the share market as at the start of 2020 (early February), and touches on a few topical topics:

- Have any stocks done well recently? And how to spot those that do well.
- Where has the market come from in recent months?
- Did we have a Santa Rally at Christmas time? To where is the market going in 2020?
- How to protect our capital in the year ahead.

The "Speaker Notes" version of this slide set is available to Share Market Toolbox premium members.
